

## Fish Identification Workshop

**Date:** February 10, 2010 Course runs from 8:00 am to 5:00 pm

**Location:** Fort William Henry on Lake George

**Instructors:** Bob Daniels, Rick Morse, Bryan Weatherwax

**Description:** This course is designed to teach fish identification techniques for many of the non-game species of New York State. Emphasis will be placed on the more difficult taxonomic families (i.e. Catostomidae, Cyprinidae, Percidae). The workshop will focus on identification of preserved specimens but will also provide live specimens to help tune field sorting and identification techniques.

**Registration:** The workshop cost is \$0. Space is limited to 24 students. Demand will be high, so register early.
